WELCOME LETTER FROM THE PROGRAM DIRECTORS

Dear Eyeprentice Participants,

We are honored to welcome you to the inaugural Eyeprentice Cataract, Refractive & Anterior Segment Fellowship Showcase in beautiful Boca Raton! Founded to bridge the gap between residency and fellowship, Eyeprentice offers a unique educational platform to expand your knowledge of the most advanced surgical techniques and emerging technologies in cataract and refractive surgery.

The transition from residency to fellowship and, ultimately, into academic or private practice can be filled with uncertainty. The Eyeprentice Showcase is here to help clarify your path by offering an immersive, high-touch experience that combines hands-on training, career guidance, and meaningful dialogue with mentors and peers. We have both experienced the privilege of training fellows and watching them grow into confident, impactful surgeons and can tell you this kind of early exposure makes all the difference.

Over the next 3 days, we hope you immerse yourself in wetlab instruction, interactive case discussions, expert lectures, and fellowship program insights led by top-tier faculty. Our mission is to equip you with the hands on skills, industry exposure, and professional connections needed to excel in your surgical career. To make the most of your experience this weekend, please consider the following tips:

- ✓ Engage in advance.
- ✓ Observe cases and note any questions you have in advance
- ✓ Be proactive in the wetlabs. Hands-on time is limited, so don't be afraid to ask questions, try new things, and repeat as many times as possible.
- ✓ Clarify career goals. Make the most of your time and chat one-on-one with fellowship program directors and past fellows during breakfasts, lunches, breaks, and receptions.
- ✓ Stay open-minded. Explore both private and academic paradigms to further hone your preferences for future placements.
- ✓ Build relationships. Connect with peers and future colleagues; ophthalmology is a close-knit community, and we are happy to help you along your journey!

Together, let's shape the future of ophthalmology.

With anticipation and excitement,

Robert J. Weinstock, MD
Eyeprentice Program Director
Eye Institute of West Florida

William F. Wiley, MD
Eyeprentice Program Director
Cleveland Eye Clinic

WHAT IS EYEPRENTICE?

Eyeprentice is a **groundbreaking fellowship training initiative** designed to prepare residents for advanced practice in cataract, refractive, and anterior segment surgery.

Eyeprentice is committed to developing the next generation of surgeons by offering unique training environments and opportunities to connect top ophthalmology talent with leading programs in cataract, refractive, and anterior segment surgery, ensuring both residents and fellows are prepared for a successful career in ophthalmology.

WHAT IS THE EYEPRENTICE SHOWCASE?

The Eyeprentice Cataract, Refractive & Anterior Segment Showcase is a premier opportunity offering a unique platform for residents and fellows to engage with faculty, explore cutting-edge innovations, and gain valuable insights into the next steps of their careers. In addition to fostering meaningful connections between aspiring surgeons and top-tier training programs, the showcase promises to provide the following:

- ✓ Skills enhancement. Advance your technical proficiency through immersive surgical wetlabs
- ✓ Career insight. Understand distinctions between private practice and academic fellowships to help you make educated decisions about your future
- ✓ Certification achievement. Earn Level 1 certifications in essential modalities including excimer, femtosecond, MIGS, and more
- ✓ Network expansion. Build mentor-mentee relationships with faculty and industry
- ✓ Innovation awareness. Explore latest diagnostic and surgical technologies in cataract, refractive, and anterior segment surgery
